

## AIRPORT ADVISORY

**DATE:** February 13, 2003  
**TO:** Airport Tenants  
**FROM:** King County International Airport Safety Office  
**SUBJECT:** Airport Security

### **Airport Security Tips from the Aircraft Owners and Pilots Association (AOPA)**

King County International Airport will be integrating the AOPA's Airport Watch Program within the weeks to come to enhance security and mitigate potential crime activity. Signs, brochures and videos will be available for distribution. With the nation's threat alert level elevated to orange, KCIA would like to remind everyone to keep your eyes and ears open for the following:

- Pilots who appear under the control of someone else.
- Anyone trying to access an aircraft through force - without keys, using a crowbar or screwdriver.
- Anyone who seems unfamiliar with aviation procedures trying to check out an airplane.
- Anyone who misuses aviation language - or seems too eager to use all the aviation terminology.
- People or groups who seem determined to keep to themselves.
- Any members of your airport neighborhood who work to avoid contact with you or other airport tenants.
- Anyone who appears to be just loitering, with no specific reason for being there.
- Any out-of-the-ordinary videotaping of aircraft or hangars.
- Aircraft with unusual or obviously unauthorized modifications.
- Dangerous cargo or loads - explosives, chemicals, openly displayed weapons - being loaded into an airplane.
- Anything that strikes you as wrong - listen to your gut instinct, and then follow through.
- Pay special attention to height, weight, and the individual's clothing or other identifiable traits.

When in doubt of suspicious activity, contact **Airport Police** immediately at **296-7392** or dial **9-1-1**. Be sure that anyone on your leasehold or near your aircraft be displaying the official airport ID badge including yourself.
